

# ACROPOLIS

authentic greek cuisine & spirits

*The word "Acropolis" refers to the upper, fortified portion of an ancient Greek city. Greek cities were usually founded around a defensive piece of high ground and the Acropolis in Athens is no exception. The Acropolis sits on an interesting rocky outcrop, too. Some geologists have speculated that it and Līkavitos are the remnants of a massive prehistoric landslide from towering Mount Hymettos to the southeast.*

From its historic sites to its beautiful, sea-swept coast, Greece is a country rich in history, tradition and character. At the Acropolis, you will experience the rich tradition and character through our authentic Greek cuisine. As you feast on our genuine Greek specialties prepared with the freshest ingredients, you will savor the flavors that only the most experienced chefs can create.

Exceptional food.

Friendly service.

Welcome to Acropolis!
